UNDP: COUNTRY COOPERATION FRAMEWORKS AND RELATED MATTERS

EXTENSION OF THE FIRST COUNTRY COOPERATION FRAMEWORK FOR THE REPUBLIC OF MOLDOVA

Note by the Administrator

1. The first country cooperation framework (CCF) for the Republic of Moldova was approved by the Executive Board at its first regular session 1997, for the programme period January 1997 to December 1999.

2. The programmes and projects of the current CCF have been extended beyond December 1999 in line with the management decision taken by the Administrator to extend the target for resource assignment from the core (TRAC) allocations (approved for the period January 1997 to December 1999) through December 2000. As national development priorities have not changed, the programmes and projects of the CCF remain relevant. The continued relevance of the CCF has been confirmed through consultations with the Government and other development partners.

3. The extension will provide sufficient lead time for a comprehensive review of the CCF in 2000, so that the lessons learned and results attained can be taken into account in the preparation of the next CCF. The new CCF is expected to be submitted to the Executive Board at its third regular session 2000 or at the first regular session 2001.

4. Against this background, the Administrator wishes to inform the Executive Board that he has approved the extension of the first country cooperation framework for the Republic of Moldova for a period of one year, beginning on 1 January 2000.
